

Premium-Line 121121210 Euro II Face Plate - 1 Port, 90° Entry, 86 x 86 mm, White

Professional product datasheet for structured cabling, data outlet, voice outlet, and keystone jack installations.

Brand	Premium-Line
Part Number	121121210
Product Type	Euro II Face Plate / Data Outlet Faceplate
Configuration	1-Port, Snap-In, with Shutter
Entry Angle	90° right-angle entry according to Premium-Line part-number coding
Size	86 x 86 mm
Color	White
Typical Use	Wall outlet, trunking, baseboard, modular furniture, and structured cabling points

Overview

Premium-Line 121121210 is a Euro II 86 x 86 mm face plate designed for professional copper structured cabling installations. It provides a clean network outlet point for RJ45 keystone modules and helps protect the outlet by using a shuttered, snap-in design.

Key Features

- 1-port Euro II face plate for data, voice, and network outlet installations.
- 86 x 86 mm standard faceplate size for common wall-box and outlet applications.
- Snap-in design allows compatible keystone jacks to be installed and removed easily.
- Shuttered outlet design helps reduce dust ingress and improves outlet protection.
- Right-angle frame design supports clean cable entry and tidy installation finishing.
- Secures to drywall, baseboard, modular furniture, and standard installation surfaces.
- Supplied in white color for professional office, residential, and commercial projects.
- Hidden mounting screws provide a clean and neat front appearance.
- RoHS compliant product construction.

Technical Specifications

Item	Specification
Manufacturer / Brand	Premium-Line
Part Number	121121210
Product Series	Euro II Face Plate Series
Faceplate Type	Right-angle face plate with shutter
Entry Angle	90° entry
Port Count	1 Port
Dimensions	86 x 86 mm

Item	Specification
Module Type	Snap-in keystone jack compatible
Material	UL-94V-0 high-impact, fire-retardant ABS resin
Color	White
Mounting	Surface / wall / baseboard / modular furniture installation
Accessories / Design	Hidden mounting screws and clear outlet ID label support
Compliance	RoHS compliant - EU Directive 2011/65/EC
Typical Applications	LAN outlet, voice outlet, office work area outlet, data point, residential network point

Ordering Information

Part Number	Description
121121210	Euro II Face Plate, Right-angle, 90° Entry, 86 x 86 mm, Snap-In, with Shutter, 1-Port, White

Part Number Coding Reference

Premium-Line manufacturer datasheet uses the generic code pattern **1211xy210**. In this code, **x** defines the entry angle and **y** defines the port count. For **121121210**, $x = 2$ and $y = 1$, which identifies **90° entry** and **1-port**.

Code Position	Value	Meaning
x	1	45° entry
x	2	90° entry
y	1	1-port
y	2	2-port

Applications

- Office and enterprise structured cabling outlet points.
- Residential network and smart home data points.
- Voice and data outlets in commercial buildings.
- LAN points in schools, hospitals, hotels, retail stores, and administrative areas.
- Cabinet-to-work-area cabling projects using RJ45 keystone modules.

Notes

- This face plate is a passive outlet accessory; RJ45 keystone jack and back box are normally selected separately according to the required cabling category and installation method.
- Some distributor pages may display conflicting angle text. The manufacturer ordering code for 121121210 identifies this item as 90° entry, 1-port.

Source Basis

Prepared from El Kayan product listing and Premium-Line manufacturer product specification for Euro II Face Plate, Right-angle, 86 x 86 mm, Snap-In, with Shutter, White - Ver. 2401.
